LIFE IN TUDOR TIMES

The six powerful Tudor kings and Queens ruled England from 1485 -1603. The famous king was Henry VIII, who married six times and beheaded two of his wives! It was one of the most exciting times in British history, but whether you were rich or poor, life could be very difficult.

Rich Tudors lived in fine houses with many rooms and big windows. Poor country people lived in small wooden houses with mud floors. In the town, the streets were narrow, gloomy and crowded, which made it easy for criminals to steal from shops and people. Wealthy people and noblemen owned land or even helped the King or the queen to rule

the country. Most people however, were poor and worked in the countryside. Slightly richer people worked as craftsmen or merchants in the towns. Tudor shops had picture signs outside to show people what they sold, as many people could not read.
